

Finance for good.

Half Year Report 2024

“Our mission-based impact-driven business activities continue to inspire and engage our stakeholders. We achieved good financial results in the first half of 2024 with growth of our loan portfolio, funds entrusted and under management, our customer base, and net profit. All in all, I’m pleased with the progress we are making, and that we are able to pay an interim dividend of EUR 1.27 per DR.”
